CREATOR & HOST – AUSTIN VACH

Review of “Bold Venture”

Love Our Miss Brooks

Review of “Our Miss Brooks”

Great Show!

“Jack Diamond has kept my mind entertained for hours now. It’s a great radio classic, and I am pleasantly surprised that it is on the Podcast app.”

Review of “Richard Diamond, Private Detective”

Old Time Radio Well Done!

“These old Gunsmoke episodes are so well acted. William Conrad has a super powerful voice, and Georgia Ellis as Miss Kitty has a quiet desperation to her voice. The whole cast is great, and the shows are well written. Presented with no bull. A pleasure to listen too.”

Review of “Gunsmoke”

A Gift!

“I’m very appreciative of the huge selection of the radio programs. The sound quality of the recordings are mostly very good and I appreciate that they are offered free for listening. Thank you!!”

Review of “Suspense”

I Love The Way Shows Are Presented!

“Not a lot of talk. Just a quick blurb about who he is and what is available and maybe 30 seconds later, I’m listening to great Dragnet shows, all in order. Well done!”

Review of “Dragnet”

The background is a repeating pattern of various radio-related icons in a light tan color on a slightly darker tan background. The icons include: microphones, radio towers, vinyl records, 'ON AIR' signs, musical notes, lightning bolts, and the phrase 'Stay Tuned'.
